

Article 1 - Purpose and acceptance

1.1 These Special Conditions (hereinafter the “SC”) set out the terms under which Infomaniak Network SA, a company incorporated under Swiss law with its registered office in Geneva (hereinafter “Infomaniak”), provides the customer (hereinafter the “Customer”) with the SwissTransfer service (hereinafter the “Service”), accessible at swisstransfer.com.

1.2 Any capitalised term has the meaning defined in this contract or, failing that, the meaning set out in the Infomaniak Glossary available at: infomaniak.com/fr/cgv/conditions-generales.

1.3 Use of the Service implies full and unreserved acceptance of these SC as well as of the Data Processing Addendum (DPA): DPA

1.4 Infomaniak may amend the SC and their annexes at any time. In the event of any discrepancy, only the French version shall prevail.

Article 2 - Description of the Service

2.1 SwissTransfer is a free file-sharing infrastructure offering in particular:

- Sending of up to 50 GB per transfer;
- A maximum of 20 recipients;
- Access via secure HTTPS;
- Up to 250 downloads per file;
- Up to 5,000 files per transfer;
- A limit of 5 transfers per hour per IP address;
- A choice of availability period of 1, 7, 15 or 30 days, the 30-day period being subject to an intermediate confirmation by the sender (see art. 2.2).

2.2 Where the sender selects an availability period of 30 days, the continued availability of the transfer until that term is conditional upon confirmation by the sender.

On the twelfth day following the creation of the transfer (D+12), a message is sent to the sender, informing them, as the case may be:

- that the transfer has already been downloaded by one or more recipients; or
- that the transfer has not yet been downloaded.

This message states that, failing any action by the sender, the transfer and the files it contains will be automatically and permanently deleted three days later (D+15). By activating the link contained in this message, the sender extends the availability of the transfer until the end of the 30 days initially chosen.

In the absence of confirmation within this period, the transfer is deleted at the end of the fifteenth day, without such deletion giving rise to any compensation.

2.3 Upon expiry of the chosen period, the files are permanently deleted.

Article 11 - Severability
